⚠️ **Pronunciation Traps to Avoid:**

1. **Magic E Mistakes:** Don't pronounce the 'e' at the end of words like mak**e** or hom**e**.
2. **Confusing the Two "oo" Sounds:** Remember, *z**oo*** is a long, stretchy sound, but *b**oo**k* is short and bouncy!
3. **"R-Controlled" Vowels:** For *ar, or, ir, ur,* ensure the 'r' blends smoothly with the vowel (don't over-roll it).
